WHO WE ARE ABOUT US

Entrance matting and anti-fatigue mats are our speciality. Allway is a leading Australian manufacturer and supplier of high quality entrance mats, anti-fatigue mats, stair treads and specialist products.

Anti fatigue mats help prevent injuries in your workplace or public space minimising the chances of compensation cost to your business. With a suitable anti fatigue mat solution, employees and customers feel more comfortable while working and are more likely to use the space. Here at Allway Matting, we offer quality entry mats and anti fatigue floor mats, along with mat installers, which can provide many benefits your business and are designed to be a long-term investment. Here are the benefits that these mats can provide for your business:

MAKE YOUR ENTRANCE SAFE DOOR MATS

Allway Matting has Australia largest range of quality door mats. This includes door mats, rubber backed mats, Aluminium mats, Entrance mats for high traffic areas and custom entrance matting solutions. At Allway we specialise in custom door mats but also have a large range of standard entrance mats.

Trust the custom matting experts with over 25 year's industry experience, Whether you require Door mats, custom door mats, architectural aluminium mats, logo mats, heavy duty entrance mats we can help you. All our mats meet any safety, durability and protective requirements.

Furthermore if you're looking for quality and affordable indoor door mat or outdoor entrance mat, Allway Matting is the number 1 supplier. We offer one of the largest range of entrance mats in Australia and have the experience and expertise to provide advice on the best solution to meet your needs.

\$200

DURA MAT

Dura Matt Door Matting for inlay and recesses is available in 2.0m and 4.0m wide for large entrance areas. This great matting system is also suitable for air locks, lobbies, offices etc.

\$250

ROLLSTOCK MAT

Rollstock Mat is the Ultimate entrance mat for extreme traffic areas where aggressive shoe scrapping is needed. The rubber reinforced 'herringbone' profile creates a unique dirt entrapment system which also prevents it from flattening even in the highest traffic areas.

\$430

RIB MAT

The Rib Mat is a popular medium duty entrance mat consisting of a polypropylene surface and a PVC Backing. The coarse fibres of the ribs in the bi-level construction assist in scraping dirt and debris from footwear and trapping it within the lower channels in the mat.

\$440

PREMIER MAT

Premier Mat is a rubber reinforced raised moulded pattern designed to scrape dirt and moisture from shoes and keeping it below shoe level to keep it on the mat.

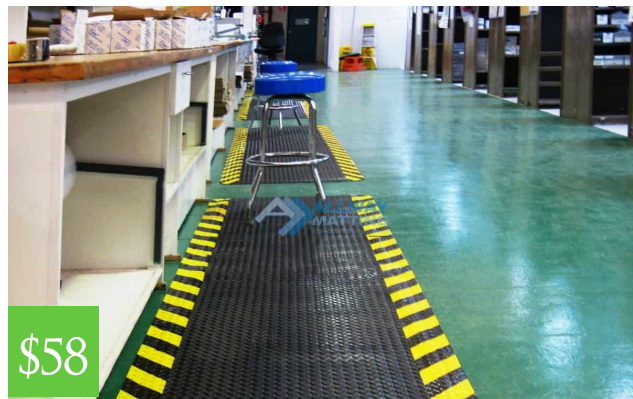

ALL THE SOLUTIONS FOR FATIGUE ANTI-FATIGUE MATS

Anti Fatigue mats can save your company money and increase productivity. Anti Fatigue Mats like our well known Supercomfort Mat are designed for environments where prolonged standing is required.

- Reduce pain and or also discomfort
- Reduce sick leave and or compensation costs
- Increase productivity
- Reduce OH&S Risks

We offer one of the largest range of anti fatigue mats and flooring in Australia and have the experience and expertise to provide advice on the best solution to meet your needs.
Reduce OH&S Risks

\$58

DURA SPONGE

Chequer Plate Sponge Cote gives workers comfort and safety all day long. Its safety-engineered surface adds extra traction, but it is the Nitrile sponge base, the most comfortable and resilient sponge base on the market, that sets us far ahead of the competition.

\$577

ERGO STANCE

Supercomfort 350 comes equipped with uniquely designed suction cups that act as anti-movement supports but also as air cushions for extra comfort.

\$255

STANDING UP DESK MATS COMFORT DESIGN

This attractive anti-fatigue mat was designed specifically to match in with its surrounding fixtures and fittings. The mat is made from a Anti-bacterial fibre surface +Anti-Fatigue EPDM foam to make this a great solution for behind your desk or counter.
